

MIC-500 Series Headset Microphone

The Enersound MIC-500 is a professional miniature headset microphone designed to work together with body pack wireless transmitters. It is ideal for speech and any application requiring minimal visibility and improved gain before feedback over lavalier microphones.

Its outstanding voice clarity and comfortable design makes it the ideal choice for live sound amplification, corporate events, houses of worship, audiovisual presentations, among other applications.

Features:

- Superb audio quality for outstanding voice clarity.
- Comfortable, lightweight, design.
- Minimal visibility with miniature 4 mm capsule.
- Beige finish for inconspicuous appearance.
- Custom fit bendable boom for maximum comfort.
- Ideal for houses of worship, theaters, audiovisual presentations, corporate events, and more.
